

AMP Powered by Strathmore
Technical Specifications, Production, and General Venue Information
Effective December 1, 2021 and is subject to change

WEBSITE: www.AMPByStrathmore.com

ADDRESS: 11810 Grand Park Ave
Suite 400 (4th Floor)
N. Bethesda, MD 20852
Access to AMP is via elevator to the 4th floor above iPic movie theaters/City Perch Restaurant.

PARKING: A parking garage is located in the same building as AMP and is accessible via Grand Park Ave or Old Georgetown Rd. All vehicles entering this garage must be less than 7 feet 2 inches in height.
Additional parking is available. Visit www.pikeandrose.com for more info on other garages and surface lots.

BOX OFFICE: Located on Level 1 (street level).
Opens 2 hours pre-show.
301-581-5100

CONTACT: The Private Events team at Strathmore will have a House Manager assigned to your event. They will be your day-of contact along with the Private Events Coordinator.

Venue Dimensions

Main Room: 41ft x 51ft (not including the stage)
Pre-Function: approx. 500 sq feet, including bar

Half Wall Dimensions – Infront of Elevators

Height: 7ft
Width: 15ft

Gold Grid Squares in Half Wall:

Width: 2.9ft
Height: 2.9ft

Green Room

There is only one Green Room/Dressing Room at AMP. There is a private bathroom located inside the Green Room. It has a couch, love seat, and one armchair. It also houses a coffee table, two end tables, a hanging rack, and full-length mirror. It can house 5-8 people comfortably and up to 14 people with extra chairs. All furniture located in the Green Room, must not be removed from the Green Room for any reason.

Catering

Catering for Private Events is done through our exclusive caterer. Contact the Private Events Coordinator for more information.

Elevator A-Frame Signs

The Dimensions:

- 24 inches x 36 inches
- 1/8 inch thick.

We cannot place signs in public spaces without approval from the property managers of the development.

Please forward the proof to rentals@strathmore.org before printing.

We have four (4) frames that we can place around the garage:

1. Level B1: In between the elevators, inside the elevator bank
2. Level 1: In between the elevators, across from the AMP ticket office
3. Level 2: In between the elevators, inside the elevator bank
4. Level 2: Just as you enter the garage from the ramp to the left, with an arrow a. You could also make a 5th sign, to put on the other side of this frame with a right arrow

Merchandising

Merchandising sales must be coordinated through the Private Events Coordinator and must have at least two (2) weeks' notice of sales. All merchandise is subject to an 80%/20% split with Strathmore. All merchandise is also subject to MD sales tax of 6%. If you require a seller, you may hire one for \$75/seller and must be coordinated with at least two (2) weeks' notice.

Production Office

There is no Production Office located at AMP. The Green Room can act as the Production Office but must be coordinated with at least one (1) weeks' notice.

Permit Requirements

Pyrotechnics, Fog machines, and Haze machines are not permitted.

Any use of lasers requires a State of Maryland health permit; water-based haze permitted in low concentration.

Directions, Loading, and Parking

Directions to AMP by Strathmore:

Please see www.ampbystrathmore.com for additional maps and directions

- **From the Beltway (outer loop):**
 - AMP is located just 2.5 miles north of the Capital Beltway. Take exit 34 and head north on Wisconsin Avenue, Route 355 (Rockville Pike). Make a left onto Old Georgetown Road. Make your second right onto Grand Park Avenue. The parking garage will be on your left at the first stop sign.
- **From the Beltway (inner loop):**
 - AMP is located just over 2 miles north of the Capital Beltway. Take the Capital Beltway Exit 34 onto MD-355 S/Rockville Pike Toward Wisconsin Ave/Bethesda. Use the left lane to merge onto MD-355 S/Rockville Pike. Make a U-turn at Alta Vista Road. Proceed straight on MD-355 N for approximately 2.5 miles. Turn left onto Old Georgetown Road. Turn right onto Grand Park Avenue. The parking garage will be on your left at the first stop sign.

- **From Rockville Pike (southbound):**
 - AMP is located off of Rockville Pike, just north of Old Georgetown Road and the White Flint Metro Station. Make a right onto Old Georgetown Road. Turn right onto Grand Park Avenue. The parking garage will be on your left at the first stop sign.
- **From Rockville Pike (northbound):**
 - AMP is located off of Rockville Pike, just north of Old Georgetown Road and the White Flint Metro Station. Make a left onto Old Georgetown Road. Turn right onto Grand Park Avenue. The parking garage will be on your left at the first stop sign.

Loading:

Because AMP is part of a large development with many retailers, all loading dock use must be scheduled in advance. The loading dock entrance is accessible from Towne Road (behind Pike & Rose).

If traveling Northbound on Rockville Pike, follow the exit to Montrose Parkway (merge to the right), then get in the left lane to turn left onto Montrose Parkway (heading west). Turn left onto Towne Road. Pass Prose Street and Rose Avenue on your left. Immediately following a surface parking lot with a gate, you'll make a left into the loading dock "lot". You'll see a Loading Dock labeled for Pallas Apartments. This is NOT the loading dock for you. Continue driving through the lot towards the building and you'll see 2 loading bays on the right and 2 on the left (1, 2, 3, 4 – see image). Loading bays 1 & 2 are covered and have ramps; 3 & 4 are not covered. Bays 1 & 2 might have the doors down when you arrive. If this is the case

If traveling Southbound on Rockville Pike, follow the exit to Montrose Parkway (merge to the right onto Towne Road. Continue straight on Towne Road passing over Montrose Parkway. Pass Prose Street and Rose Avenue on your left. Immediately following a surface parking lot with a gate, you'll make a left into the loading dock "lot". You'll see a Loading Dock labeled for Pallas Apartments immediately as your turn in. This is NOT the loading dock for you. Continue driving through the lot towards the building and you'll see 2 loading bays on the right and 2 on the left (1, 2, 3, 4 – see image). Loading bays 1 & 2 are covered and have ramps; 3 & 4 are not covered. Bays 1 & 2 might have the doors down when you arrive.

Once you find a loading bay that is open, your staff can start to unload items from your vehicle. **HAVE SOMEONE FROM YOUR TEAM, CHECK IN WITH AN AMP STAFF MEMBER BEFORE YOU BRING YOUR ITEMS UP IF THIS IS YOUR FIRST TIME DELIVERING TO AMP.** The arrows on the image of the loading dock show you the general direction you want to head to get to AMP.

The “Freight” elevator is located down the hallway, towards the middle of the building, across the Via, and down the hallway behind the patron elevators. The loading elevator is not freight sized; it opens directly into the kitchen at AMP. The elevator size is 67” wide by 88.5” long by 9’ high. Closed door exterior dimensions are 48” wide by 8’ high. Its capacity is 5000 pounds. Once you’ve arrived to the 4th Floor (4 not 4R), there is a sharp left turn through the kitchen.

Anything that can be hand-carried may be taken through the main elevators which can be accessed on any level of the parking garage. The freight elevator can be accessed on either the first floor (loading dock level) or B1 (in the Parking Garage).

Parking:

After unloading items at the loading dock, you must move your vehicle immediately to the side (see image above).

If your staff have vehicles that are smaller than 7' 2", they can park inside the parking garage. Just like above, if they have items that can be hand carried, they can park on any level though Level 1 is probably the best (not as many doors from the parking space to the elevator). If they have items that are on carts or are being wheeled in or are large items, have them park on Level B1 near the Freight Elevator.

Parking in the garage is free for the first two hours; it's an additional \$1 per hour up to 5 hours; \$8 for 5-8 hours; and \$25 for 8+ hours.
